

WE'RE HIRING

Thames
rivers trust

Water Resources Partnership Manager

Thames Rivers Trust — funded by Water Resources South East (WRSE)

Connect catchment partnerships with regional water planning, turning local knowledge and technical insight into nature-based solutions for healthier, more resilient rivers.

ABOUT THE ROLE

Act as the primary point of contact between WRSE and catchment hosts, helping CaBA partnerships engage with regional water resource planning.

THE PARTNERSHIP

A two-year fixed-term role funded by WRSE, hosted by Thames Rivers Trust, and supported by WRSE's Environmental Stakeholder Advisory Board.

WHO WE NEED

A natural communicator with strong knowledge of catchment-based approaches, experience of multi-partner engagement, and the ability to translate complex technical information for different audiences.

WHAT YOU'LL BE DOING

Liaise between
WRSE & catchment
hosts

Support regional
water resource
planning

Coordinate
catchment
evidence

Translate technical
outputs into
accessible briefings

Identify &
resolve barriers to
catchment options

SALARY

£40,810–£45,611
per annum

CONTRACT

Full-time,
2 years fixed-term

LOCATION

Fully remote,
Thames Basin

REPORTS TO

CEO,
Thames Rivers Trust
